

ALI AYMAN MOHAMED GAMAL

Web Developer | WordPress & WooCommerce Developer | Network & Cybersecurity Enthusiast
Alexandria, Egypt | +20 106 304 7800 | aliaymann20@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

WEB DEVELOPMENT

- HTML5 & Semantic Markup
- CSS3, Flexbox & Grid
- JavaScript ES6+
- Bootstrap
- Responsive & Cross-Browser Design
- Modern UI Development
- WordPress & WooCommerce

NETWORKING

- IP Addressing & Subnetting
- VLANs & Trunking
- STP & EtherChannel
- Inter-VLAN Routing
- DHCP & IP Helper
- OSPF Basics
- HSRP Redundancy
- SSH & Device Hardening
- Cisco Packet Tracer

IT SUPPORT

- Server, PC & Laptop Troubleshooting
- Switch & Network Troubleshooting
- Ethernet Cabling, Crimping & Testing
- Windows Troubleshooting

TOOLS

- VS Code, Git & GitHub
- WordPress & Elementor
- WooCommerce
- cPanel / Hosting / Domains
- Netlify
- Chrome DevTools
- Cisco Packet Tracer
- VMware
- Kali Linux

LANGUAGES

- Arabic: Native
- English: Good Technical Proficiency

PROFESSIONAL SUMMARY

Electronics & Communications Engineering graduate working as a Web Developer with hands-on experience in WordPress, WooCommerce, and responsive front-end development, combined with a solid foundation in Cisco networking and IT support. Skilled in building bilingual (Arabic/English) corporate and e-commerce websites using HTML5, CSS3, JavaScript ES6+, and Bootstrap, with direct client communication, requirements gathering, and dashboard training experience. CCNAv7-trained in routing, switching, VLAN segmentation, subnetting, DHCP, STP, HSRP, and Cisco Packet Tracer network design, with practical exposure to IT support tasks such as server, PC, and network troubleshooting. Currently expanding skills in Node.js, React, SQL, and cybersecurity fundamentals while studying toward CCNP — bridging web development and enterprise networking for technology-focused organizations.

PROFESSIONAL EXPERIENCE

Web Developer & IT Support Intern | Da3m Integrated Solutions

July 2024 – September 2024

- Developed and deployed responsive front-end features for the corporate website and Da3m Store using HTML, CSS, JavaScript, Bootstrap, and WordPress.
- Built and maintained WooCommerce e-commerce functionality, including product/category setup and Elementor page design.
- Delivered client-ready websites and led dashboard handover/training sessions for non-technical users.
- Communicated directly with clients to gather requirements and resolve responsive layout and UI issues.
- Provided IT support across servers, PCs, and laptops, including installation, configuration, and troubleshooting.
- Diagnosed switch and network connectivity issues, applying IP configuration, subnetting, and structured cabling.
- Practiced Cisco Packet Tracer router/switch configuration to reinforce concepts applied in real troubleshooting tasks.

Optical Fiber & Transmission Trainee | Telecom Egypt (WE) – Miami Training Center, Alexandria

January 2024 – February 2024

- Completed hands-on training at WE's Miami Central Office, Alexandria's primary telecom training facility.
- Gained exposure to optical fiber systems, splicing techniques, and transmission measurement tools.
- Studied transmission technologies including TDM, WDM, PDH, SDH, and DWDM.
- Observed live central office operations and enterprise telecom infrastructure.

Freelance Web Developer | Personal & Client Projects

2024 – Present

- Designed and delivered multiple responsive websites for businesses using WordPress, Elementor, WooCommerce, HTML, CSS, Bootstrap, and JavaScript.
- Implemented e-commerce features including product management, bilingual content, and payment gateway integration.
- Deployed portfolio-ready projects using modern hosting tools such as Netlify and cPanel.

EDUCATION

Bachelor's Degree in Electronics and Communications Engineering

| Alexandria Higher Institute of Engineering & Technology (AIET)

Graduated: 2026 | Grade: Good

CERTIFICATIONS

- CCNAv7: Introduction to Networks – Cisco Networking Academy
- CCNAv7: Switching, Routing & Wireless Essentials – Cisco Networking Academy
- CCNAv7: Enterprise Networking, Security & Automation – Cisco Networking Academy
- SQL Database Completion Certificate
- CompTIA A+ / IT Fundamentals
- Transmission: Way To The Future Training Package

CURRENT STUDY

- React.js
- Node.js
- Cybersecurity Fundamentals

PROGRAMMING

- HTML, CSS, JavaScript, Bootstrap
- SQL
- Node.js (Learning)
- React (Learning)
- Python
- C / C++

Da3m Store: da3m.net

MassDX: massdx.com

Elhidaya: elhidaya-bookshop.com

PROJECTS

ClinicEase Healthcare Management System: [Graduation Project](#)

Led front-end architecture for a smart hospital management platform combining a patient-facing website, mobile app integration, and an AWS-based cloud backend, while contributing to the project's hospital network design.

Tech: HTML, CSS, JavaScript, UI/UX, AWS Awareness, Project Documentation

Hospital Network Infrastructure Design: [Cisco Packet Tracer](#)

Architected a highly available, segmented hospital network using a hierarchical Core-Distribution-Access model. Configured VLAN segmentation, Inter-VLAN routing, DHCP with IP-helper addressing, HSRP gateway redundancy, and STP loop prevention, then hardened device access with SSH.

Tech: Cisco Packet Tracer, VLANs, Inter-VLAN Routing, DHCP, HSRP, STP, EtherChannel, SSH

Da3m Store: da3m.net

Built and continue to maintain a WooCommerce-powered e-commerce store for IT infrastructure and networking products, handling product organization, category structuring, and store management.

Tech: WordPress, WooCommerce, Elementor, HTML, CSS

Da3m Corporate Website: coming soon

Developed the official corporate website for Da3m Integrated Solutions, presenting company services, profile, and business information to clients and partners.

Tech: HTML, CSS, Bootstrap, JavaScript, WordPress

Elhidaya Bookshop: elhidaya-bookshop.com

Developed a bilingual (Arabic/English) e-commerce bookshop site with WooCommerce configuration, payment gateway integration, social media linking, and admin dashboard training for the client.

Tech: WordPress, Elementor, WooCommerce, Payment Gateway, Multilingual Website

MassDX Website: www.massdx.com

Implemented a responsive medical diagnostics website with a clean, service-oriented layout and user-friendly front-end interactions.

Tech: HTML, CSS, Bootstrap, JavaScript, Responsive Design

Omar Ebrahim Portfolio Website: omar-ebrahiim.github.io

Rebuilt a full portfolio site for a UI/UX Designer and Front-End Developer, featuring modular CSS architecture, case-study pages, and production-ready static assets.

Tech: HTML, CSS, JavaScript, Modular CSS, Responsive Design

Personal Portfolio Website: [eng-aliayman-portfolio](https://eng-aliayman-portfolio.github.io)

Designed and deployed a personal portfolio presenting web development, network engineering, graduation project work, skills, and a downloadable CV.

Tech: HTML, CSS, JavaScript, Responsive Design, Netlify

KEY ACHIEVEMENTS

- Delivered 4+ responsive websites spanning corporate, medical, portfolio, and e-commerce use cases.
- Designed and deployed WooCommerce stores with product management, payment gateways, and client dashboard handover.
- Created bilingual Arabic/English website experiences integrated with social media platforms.
- Designed a segmented, high-availability hospital network in Cisco Packet Tracer using VLANs, HSRP, and Inter-VLAN routing.
- Applied CCNA-level networking concepts to real IT support and troubleshooting tasks across servers, PCs, switches, and cabling.
- Combined web development, IT support, and networking knowledge to manage full-stack technical projects end-to-end.
