## Experience & Internships

### IT & Web Developer Intern - Da3m Integrated Solutions | July 2024 - September 2024

- Developed and contributed to company web projects using HTML/CSS/JavaScript and WordPress.
- Built and managed e-commerce features using Elementor and WooCommerce.
- Supported server installation, IT support, and network troubleshooting tasks.
- Handled PCs, laptops, switches, cabling, crimping, and cable testing.

### Optical Fiber & Transmission Trainee - Telecom Egypt (WE), Miami Training Center | January 2024 - February 2024

- Completed practical exposure to FTTH, optical fiber systems, fiber splicing, and measurement tools.
- Studied DSL, TDM, WDM, PDH, SDH, DWDM, attenuation, dispersion, and central office operations.

## Selected Projects

DA3M.NET: Full responsive corporate IT solutions website using HTML, CSS, Bootstrap, and JavaScript.

store.da3m.net: WordPress, Elementor, and WooCommerce e-commerce website for IT infrastructure and networking products.

Elhidaya Bookshop: Responsive online bookshop built with WordPress, Elementor, and WooCommerce.

Mass Diagnostics Web: Medical diagnostics website developed using HTML, CSS, Bootstrap, and JavaScript.

ClinicEase Healthcare Management System: Smart healthcare graduation project combining web, Flutter mobile app, AWS backend, and hospital network design. Role: Team Leader, Frontend Website Development, and Network Design Contribution.

Hospital Network Infrastructure Design: Cisco Packet Tracer design with VLANs, HSRP, STP, DHCP, SSH, CCTV/IoT monitoring, and high-availability topology.

## Education

Bachelor's Degree in Electronics and Communications Engineering - Alexandria Higher Institute of Engineering & Technology (AIET) | Expected Graduation: 2026 | Grade: Good

## Certifications & Current Study

CCNAv7: Introduction to Networks; Switching, Routing, and Wireless Essentials; Enterprise Networking, Security, and Automation.

SQL Database Completion Certificate. CompTIA A+ / IT Fundamentals. Transmission: Way To The Future Training Package.

Currently studying CCNP, .NET Backend, Angular, and SQL Database.

## Languages

Arabic: Native | English: Good Technical Proficiency
